COLLECTION RUESCH

VIENNESE WEDDING RING MANUFACTORY
FOUNDED IN 1881

WE ARE MOVING!

Dear Sir/Madam,
dear customer,

Vienna, June 2011

As a result of our strong and continuous growth over the last years our office and production plant which was home for more than 5 generations has become too small. Thanks to our designs, our excellent service level, our flexibility and last but not least the partnerships with our customers, today Brüder Nowotny is one of the leading wedding and partner ring producers in Central Europe.

Therefore, we are very happy to announce that both our production plant **Brüder Nowotny KG** and our wholesale company **Ruesch & Laussner OG** will move to our new premises which have been built and designed according to the latest technical standards. **Our new address, Heizwerkstrasse 12, 1230 Vienna, is valid from June 24th, 2011.** In this building we will be able to further expand our business and to hire new employees to overcome any shortcuts and delivery problems which occurred within the last weeks.

Please note that due to the relocation of our machinery **the production will be stopped from June 24th until July 1st, 2011.** We kindly ask you to consider this in case of urgent wedding ring orders.

Our White Style collections (all steel, steel/gold, titan, steel/titan and silver rings) are not affected by the removal. These products are in stock and can also be engraved during the week of relocation. We will do our best to deliver as quickly as possible and to arrange urgent and important deliveries after consultation with you. However, please understand that delivery delays could be possible.

All our contact details – telephone number, fax number and E-mail address – stay the same, only the address changes. Therefore, please send your post and service returns until June 23rd to the old address Töpfelgasse 17, 1140 Vienna, and from June 24th to the new address Heizwerkstrasse 12, 1230 Vienna.

We would be happy to welcome you in our new office Heizwerkstrasse 12!

Best regards,

Friedrich Ruesch
MANAGING DIRECTOR

Mag. Cornelia Gruber-Ruesch
